Rock River Threshereee coming Labor Day weekend

The Rock River Threshereee's 60th annual reunion will be held during Labor Day weekend, Friday, Sept. 2 through Monday, Sept. 5 in Edgerton. Featured this year are the John Deere tractors, equipment, and gas engines. The show grounds will open at 8 a.m. each day with breakfast available. Most activities run until 5 p.m.

Start off by seeing demonstrations of grain threshing from one of many antique threshing machines that will continue all day. See plowing with both steam- and gas-powered tractors using an eight-bottom gangplow.

Crop demonstrations are also available. Spectators may collect and take home potatoes as they're being dug. Sorghum syrup will be available, as well. Take home freshly

ground corn meal and buckwheat, available in the Gristmill.

Tractors and steam engines are plentiful at the show. The Parade of Power is scheduled for 2 p.m. daily. Steam engines, tractors, equipment, and antique farm machinery will parade through the park's natural amphitheater. Many of the 20 steam engines and hundreds of tractors of every size and model shown at the threshereee will be on display during the parade.

Take a ride on the Rock River Cannonball, a steam-powered locomotive scheduled to operate all four days. Originally built as a narrow-gauge, German switch engine, it now provides rides around the one-and-a-half-mile track that circles the park. Classic construction equipment

will be used and displayed in the sandbox, a seven-acre display area.

One of the most popular demonstrations is the pile driver. This is one of the last known steam-operated drivers still in operation, driving 16-inch diameter logs into the ground. The Museum of Industry and Agriculture houses a collection of large stationary steam engines that run during the day. A collection of diesel engines will also be on display, as well as a steam calliope.

Stop next door and see the Rock River Iron Works. It features a working machine shop of a by-gone era.

The Sear's House will be decorated with period furnishings and will be on display.

An early 1900s blacksmith shop will show off the skills of some of

the best blacksmiths in the state all day long. Additionally, the crafts of the wheelwright and woodwrights will be presented. A steam-powered sawmill will be in operation throughout the day, turning logs into lumber. There will also be a shingle mill cutting cedar shingles. Branded shingles will be available as keepsakes.

Antique and classic cars and trucks will be on display with a drive-in car show.

Children's activities are back again. Children of all ages will be given the chance to drive their first tractor. The threshereee's pedal pull is a popular attraction for children, as well.

The Rock River Threshereee features one of the largest flea markets in the area. Wander the great expanse

and seek out that treasure or souvenir. A huge assortment of crafts, collectibles, and antiques are available.

Food for everyone's tastes will be available. Event goers may enjoy live music while perusing food stands and flea market booths on Saturday and Sunday.

The park provides ample, free parking, with shuttle service to the center of the activities. An in-park shuttle will offer tours of the ground.

Plan to spend the day and enjoy the activities for only \$8.00 for adults. Children under 12 receive free admission. Friday is seniors' day, with \$6 admission for all seniors.

Camping is available to exhibitors.

For more information, call (608) 868-2814.

Local heritage to come alive at Beckman Mill

The sights and sounds of rural life from a century ago will come to life again at the Beckman Mill, Sunday, Sept. 11 from 11 a.m. to 4 p.m.

In the mill itself, visitors can watch corn being ground by the original 1868 millstones powered by water or by a restored 1920 International Harvester Titan tractor engine. Antique tractors, engines, and farm equipment will be on display.

A wide variety of activities will complement the grinding demonstrations. Horse-drawn wagon rides will be available, and collector show cars, including the Buick Club, and trucks will be on display. Demonstrators will be on hand to demonstrate historic crafts, such as wool spinning, chair canning, broom making, pottery making, and wood carving, which were important parts of family life and work. The blacksmiths will be working at the blacksmith shop.

Have you ever taken a ride in a 1912 Overland? Now will be your chance. Rides will be given for a charge of \$2 beginning at 1p.m.

Because the event happens to fall of the 15th anniversary of the tragic event of 9-11, there will be a special ceremony. Event goers will walk down the military timeline to meet the soldiers representing several of the wars that the United States has been involved in. Watch a Civil War surgeon perform surgery, speak to a Korean War Prisoner, examine a World War II truck, bicycle, and motorcycle, and learn about local Civil War hero Charles P. Mead.

Enjoy the mountain dulcimer sounds of Dick and Val Dunagan and the concertina music of John Sheehan and the Pleasant Valley Dutchmen.

In addition to touring the mill, attendees will be able to visit with Buzz Beckman at the Cooperage/Beckman home and hear his sto-

ries of growing up in that building. Also inside are the "Cooper Corner" display and the one-room school display. Gary Hess, author of *Roll out the Barrels*, will be there to explain how barrels were made. We invite you to share your experience of attending a one-room school, particularly those who attended Williams School.

Brats from Rackow's Family Sausages, quarter-pound hot dogs, chips, beverages, and fresh baked goods will be sold in the shelter. A variety of Beckman Mill products, including cornmeal that was ground in the mill, will be for sale in the Gift Shop inside the Griinke Creamery.

Kids will have the opportunity to dig potatoes, help a blacksmith, build a cabin with life-size Lincoln Logs, make butter, and shell an ear of corn.

To end the day, a raffle drawing for a beautiful quilt and other prizes will be held at 4 p.m. Tickets have been on sale during the season and will be sold throughout the day.

The day's events will take place in Beckman Mill County Park on County Highway H, one mile south of Highway 81, about five miles west of Beloit. There is no admission charge for the Heritage Day events at Beckman Mill, but donations will be gladly accepted and appreciated. The entire project has been completed with volunteer help, donated monies and materials, grants, and memberships. The profits for the day will be used to continue our 26 years of relentless efforts.

Please join us for a fantastic, family fun-filled day! Call 608-751-1551 for more details.

Gap Church hosts bluegrass-style Hymn Sing

By Beth Blakemore
CORRESPONDENT

People from as far away as Janesville and Madison joined those from Brodhead, Monticello, Monroe, and Albany in singing at the Gap Church Annual Hymn Sing on Sunday, Aug. 21.

After a welcome by Jane Copus, Secretary-Treasure of the Gap Church Museum, and an invocation by Gordon Klossner, the congregation began to sing hymns to bluegrass music with great zeal. They sang "I'll Fly Away," "What A Friend We Have in Jesus," "In the Garden," and more, with Klossner giving an introduction to many of the songs.

Partway through, Grass Attack, the bluegrass band, sang its own three songs. Grass Attack members are Al Watson from Albany on bass, Randy

Tackett from Monroe on acoustic guitar, and Jeff and Liz Warner from German Valley on acoustic guitar and vocals. The service was dedicated to a local man, Pastor Lyle Trow, who recently passed away.

The Gap Church was organized in 1850 as the Monticello Prairie Baptist Church. The church was built and the cemetery made in 1856. According to a poster on the event, "For many years known as simply the Gap Church, it is one of the oldest buildings in the county."

The hymn sing was started in 1991. "Prior to that, there were occasional services," Copus said.

According to Copus, the hymn sing benefits the community "by providing once-a-year fellowship. It's all for the music. The (people) prefer it with the old hymns."

Carp Fishing Contest set for Labor Day Weekend

The Lake Winnetka/Sugar River Improvement Association will hold its annual Carp Fishing Contest on Labor Day weekend, Friday, Sept. 2 through Labor Day, Monday, Sept. 5 in Albany.

Prizes will be awarded for the most carp caught during this period. Qualifying carp must be caught from the Sugar River in Albany or on the millpond (Lake Winnetka) upstream from the Albany Dam. The shallow, muddy areas of the lake are where many carp hide out, and the goal of this annual contest is to remove as many carp as possible to allow game fish to proliferate more abundantly.

Contestants may start fishing anytime on Friday, Sept. 2 and fish all weekend. The contest ends at 1 p.m. on Labor Day at the Albany boat

ramp in Legion Park. Prizes will be awarded at that time, rain or shine.

There will be a \$50 prize for the most carp caught and another \$50 prize for the largest carp caught. Second through fifth prizes consisting of cash or merchandise will be awarded to the remaining four contestants with the most carp caught, regardless of size.

No registration is required to compete in the contest, but participants must have a valid Wisconsin fishing license. Carp may be caught by pole and/or bow.

For more information, call 608-862-1698 or 773-418-7123 or email lwsria@aol.com. Find us on Facebook. Search for Lake Winnetka/Sugar River Improvement Association.

TIPS TO GET READY FOR SURGERY

Research suggests that actively preparing for upcoming surgery may help speed recovery and reduce complications. Build strength; increasing your fitness may help reduce hospital stays. Stop smoking; it's a risk factor for post-surgical complications, including pneumonia, infections and cardiovascular problems. If you have diabetes, getting your blood sugar under control can also help minimize complications. Manage sleep apnea; if you use a CPAP machine, take it with you to the hospital. Eat a healthy diet and try to reduce stress with deep-breathing exercises or meditation.

Monroe Arts Center plans grand opening celebration

The Monroe Arts Center (MAC) begins the 2016-2017 entertainment season with a grand opening inaugural concert, gallery exhibit, and children's music programs to celebrate the recently constructed building addition and expansion.

The public is invited to attend this grand opening celebration at 6:30 p.m. on Saturday, Sept. 10, with a ribbon-cutting ceremony and reception. An inaugural concert by the Wisconsin Chamber Orchestra (WCO) begins at 7:30 p.m. in MAC's Gunderson Stiles Concert Hall in Monroe. The Wisconsin Chamber Orchestra, led by Maestro Andrew Sewell, is a vibrant and thriving professional orchestra dedicated to advancing Wisconsin communities through the transformative power of music. The string program created for this inaugural concert takes full advantage of the world-class acoustics of the Monroe Arts Center concert hall.

tography exhibition titled "A Sense of Place: Wisconsin Landscape Photographs" by Regina Flanagan, Peter Latner, Jill Metcoff, and Zane Williams will be on display in the new Wellington and Muranyi Galleries from Friday, Sept. 2 through Friday, Oct. 28. "Wisconsin's beauty evokes an emotional and intellectual attachment to a locale or region for many people," said Gary Cialdella, the curator for this gallery exhibit. "Each of these photographers shows us how to see a place anew, so that we can fully appreciate the subtle beauty of their efforts."

A gallery opening reception, which is free and open to the public, is scheduled for Friday, Sept. 2 from 5 p.m. to 7.

Green County Board updates

By Erica Roth
COUNTY BOARD SUPERVISOR

Keeping up to date with the multitude of issues on the county level is no easy task. I hope to help with that.

I was recently elected to the Green County Board as the supervisor for District 24, which includes the Town of Albany (a big circle around the Village of Albany) and a small southeast section of Brooklyn. One of my goals is to help residents become more aware of county issues.

Sure, everyone is welcomed to go to the county website and see which committees are meeting in the upcoming week and what is on their agendas, but the reality is that very few people do. People are busy, and it is hard to find time to add another item to our todo lists.

I aim to talk about some of the bigger county issues here so that you can be informed and take action if you desire.

As a County Board Supervisor, my job is to represent the residents in my district. Any of the County Board Supervisors can attest that it is difficult to represent constituents when they don't hear from them. In the same vein, any constituent can attest that it is difficult to talk with his or her representative if he doesn't know how to reach that representative or what the

issues are. I hope to help with that.

If there is an issue that is important to you, please talk with your County Board Supervisor. Don't know who your supervisor is? Find out on the Green County website at www.co.green.wi.gov.

Right now, the County Board is gearing up for the 2017 budget. Committees are meeting to work on their budgets to submit for approval in the final budget.

You can find the schedule of upcoming committee meetings and agendas on the Green County website. All meetings are open to the public, and I encourage you to attend, especially if there is a topic or issue to be discussed that is of interest or importance to you.

One of the topics I think everyone should be aware of is the discussion of a new Government Services Building. The Government Services Building houses several departments, including Human Services, the Health Department, and Veteran's Services. The current buildings are old, in disrepair, and beyond their serviceable time. A new building and more space is needed. The need for the services provided by the departments and offices at the Government Services Building is growing, too, and a new building will have room for expansion

to meet the growing demands. It will be sited at the same location just outside Monroe on Highway 81 at Highway 11, but in front of Pleasant View Nursing Home as opposed to behind it, as it is now. The new building and demolition of the old will cost about \$18 million dollars. This is a big project and is still in its beginning stages. Call or email your supervisor with your thoughts about it.

Another issue of importance is that our county conservation officer is gathering bids right now for a countywide hydrogeological survey. This study would give us a more accurate and detailed map of what is underground: depth to bedrock, type of bedrock, water table elevation, groundwater recharge and contaminant susceptibility, and karst formations. It will be a tool in helping us protect our land and water, two of our most vital resources. This study was voted on by the County Board last year, and is being pursued by the Land and Water Conservation Committee.

I am happy to talk with residents of Green County, especially residents of District 24, as I represent you. I want nothing more than to represent you accurately. You can reach me at 6083719074, or at EricaRothGreenCountyBoard@gmail.com.

Pet of the Week

Olive is a three-year-old domestic shorthair Tortie. Her kids, Harper and Horton, have moved out, and she is living the good life!

This frisky girl is both inquisitive and very friendly. Sometimes standing on two legs to get your attention, Olive is always eager to see what's new and exciting.

With large, wondrous eyes, this lovely cat expresses her joy with cuddles and purrs.

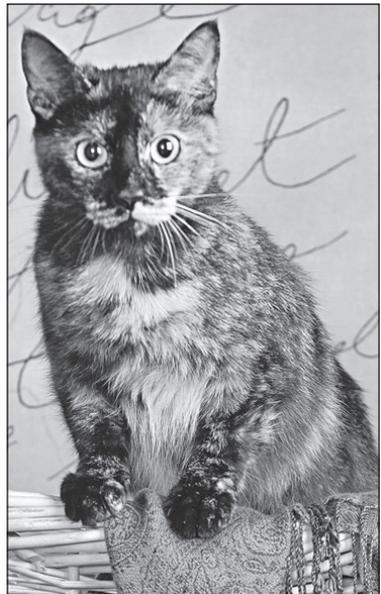

While she enjoys the company of people, Olive is quick to ward off other adventurous cats who invade her personal bubble. She will do well as a single pet in a low-key household.

The shelter is closed on Mondays, Tuesdays, and all holidays, with afternoon hours only Wednesday through Sunday. See website: www.greencountyhumane.org for new arrivals of cats and dogs, adoption fees, and upcoming events.

The shelter's material needs include:

For the Dogs: hot dogs, canned dog food, Mounds Dog Power, raw-hide retriever sticks, Kongs, Frisbees, tennis balls, and peanut butter.

For the Cats: Kitten Milk (formula), Mounds Purrfect Cat, and canned cat food.

New Horizons holds final meeting of the 4-H year

By Royce Brauer
NEW HORIZONS MEMBER

Members of New Horizons 4-H met Sunday, Aug. 7. The thought for the day was, "You only fail when you do less than your best, so always do your best." Roll call was answered by naming your favorite ice cream treat. Shannon Day led the flag salute. Jaena LeGault led the club pledge. Re-

ports were given about the adult and junior leader meetings.

Members reported on events they attended and talked about activities at the fair. Judging went well for everyone. We had our club tour and walked our shift in the exhibit hall. The ambassadors reported that attendance at their action booth was way down from last year. The heat and rain kept people away. Members talked about fair ribbons.

The educational moment was discussing why it is important to fill out record books. There are two more days scheduled for members to get help filling out the new record books. If members need more help, they should contact our leaders. Books are due Monday, Sept. 12 at the office.

Talks and demonstrations were given. Cloverbuds Roxane, Addyson, and Jaydon Brauer and Shannon talked about different kinds of safety. Connor Brauer and Royce talked about leather. Jaena told us about showing poultry. Royce talked about the difficulties of forecasting weather. The Cloverbuds were asked what they

should do if a tornado has been spotted.

Maylee Brauer showed us the bench she refinished and told how she did it.

Members signed up if they were interested in being an officer next year. Elections are in October.

We also discussed what members like for food so refreshments can be different at each meeting for the upcoming year.

We will collect items for a military Christmas and tie fleece blankets as some community service projects.

Royce moved for final adjournment. Justin Moore seconded it.

We will meet Monday, Sept. 5 at the Basswood Cemetery for cleanup at 3 p.m. The club picnic will be held Saturday, Sept. 10 at LeGault's house.

We will also ask to promote 4-H in our schools. We will hold our planning meeting for the next year at our club picnic.

The new 4-H year begins Thursday, Sept. 1. That is the time to join 4-H. Get in on the fun! To join New Horizons 4-H, call Paul at 608-934-5377.

SMALL MACHINE. BIG PRODUCTIVITY.
Introducing the all-new 317G CTL and 312GR, 314G, 316GR, and 318G Skid Steers.

It's not the size of the machine in the work. It's the size of the work in the machine. Which, by that measure, makes the G-Series as big as they come. And that's by design. More specifically, your design. Skid steer owners and operators like you spent years, side by side with John Deere engineers, to generate bigger fuel capacities, bigger boom breakouts, bigger serviceability, bigger durability — even radial models for working in low buildings and doorways. With all that input, no wonder these small machines provide maximum output. Learn more — stop in or call today.

Hailing from Minneapolis, Minn., photographer Peter Latner's pictures are about the cultural and geographic face of the American Midwest. His most recent photographs, made on the Great Plains, stem from long-standing interests in American history, geography, landscape, and sense of place. His work is found in collections which

include the Art Institute of Chicago, Milwaukee Art Museum, Nelson-Atkins Museum (Kansas City), PaineWebber Collection (New York), and State Historical Society of Wisconsin.

From Spring Green, Wis., Jill Metcoff has been taking photographs of southwestern, rural Wisconsin and rural Illinois for more than thirty years. At first, her observations included the woods, river, and prairies outside her door; then the closing and division of almost 10,000 acres and thousands

of structures of the nearby Badger Army Ammunition Plant. Sheeven highlighted the ravages wrought by highway projects.

Madison resident, Zane Williams, received his Bachelor of Arts Degree in radio, television, film, and Department of Communication Arts from the University of Wisconsin-Madison in 1971. From 1968 to 1981, he was employed by the University of Wisconsin-Madison School of Education's Instructional Media Distribution Center, working in multi-image design and production, video production, photography, graphic arts, and their instructional applications. His work has

Also happening as part of the grand opening are the free inaugural Family and Kids Series concerts. Geared for children in pre-school through eighth grade, the three, one-hour concerts are scheduled for Saturdays, Sept. 3, Oct. 1, and Nov. 19 from 11 a.m. to noon. Madison singer, songwriter, and musician Ken Lonnquist, accompanied by

pianist Dave Adler, will perform "kid's music you'll love." Lonnquist has performed all throughout the U.S. and has won Best of Madison Gold Award as Children's Musician and Parents' Choice. He has composed 15 full-scale musicals for the Children's Theater of Madison. His charm and energy as a live performer remain the heart of his work.
