Morse appointed new Rock County Circuit Court judge

Gov. Tony Evers late last week announced his appointment of Ashley Morse to the Rock County Circuit Court–Branch 4.

The appointment fills the vacancy being created by Judge Daniel T. Dillon's resignation, effective April 5, 2022.

Morse will complete a term ending July 31, 2023.

"Ashley Morse is a recognized and accomplished leader whose dedication

to improving the legal system, especially the juvenile legal system, and tireless commitment to justice will make her an excellent judge for the people of Rock County," Evers stated in a press release from his office. "I am proud to announce her appointment..., and of the strong, positive impact she will continue to have in the community and in our state.'

Morse has worked for the Wisconsin State Public Defender's Office since 2010, and has been based in Janesville since 2014, representing indigent clients as an assistant state public defender in a variety of criminal and civil proceedings in several counties across the state. Locally, she has served on the Rock County Trauma Task Force, the Rock County Youth Justice Racial Disparities Committee, and has coached the Turner High School Mock Trial Team.

"I am proud that Attorney Ashley Morse will be Rock County's first woman of color to serve as judge," said Beloit City Councilor Regina Dunkin. "I know that her caring, intellect, and experience as a public defender will ensure that she applies the law fairly. I am happy to support her appointment and look forward to her many years of dedicated service to the community and rule of law."

"Justice Ruth Bader Ginsberg once said that: 'real change, enduring change, happens one step at a time.' I welcome Ashley Morse to the Rock County bench as she takes the next step forward," said Rock County Circuit Court Judge Barbara McCrory.

Morse lives in Janesville and is a graduate of the University of Illinois at Urbana-Champaign and of the University of Wisconsin Law School.

She has worked extensively with the National Juvenile Defender Center (now The Gault Center), including her selection as an Ambassador for Racial Justice.

This program, which is jointly sponsored by the Georgetown Juvenile Justice Initiative, is highly selective and seeks defenders committed to challenging racial injustice in the juvenile legal system.

As a capstone project, she developed a local training program on the impacts of racial trauma on youth. Her leadership led to her selection as the Racial Disparity Practice Coordinator for the Wisconsin State Public Defender's Office, where she is expanding this training.

"I am truly grateful to Governor Evers for the opportunity to serve Rock County as a circuit court judge," said Morse. "I would like to thank my family, friends, and colleagues for supporting me in this endeavor, and for their unwavering confidence in my ability to serve as a fair and impartial jurist dedicated to treating all individuals with dignity and respect. I am committed to ensuring the dispensation of justice equally for all by bringing a new perspective, expertise, and extensive experience to the bench."

Noah's Ark provides children with Christian-based curriculum

Recent stressors on the economy, including the COVID-19 pandemic, have focused a spotlight on the need for quality childcare.

But the issue of access to affordable, high-quality childcare isn't new.

In fact, the need for more childcare in Monroe is what prompted Monroe United Methodist Church to start Noah's Ark Preschool and Childcare almost 25 years ago.

Noah's Ark began in 1998 and continues today as a mission of the church.

It is a state-licensed group childcare center with a Christian-based curriculum.

The center includes six rooms within the Monroe United Methodist Church building for the different age groups it serves: an infant room, 1-yearold room, 2-year-old room, 3-year-old room, 4-year-old room, and a school-age program with before- and after-school care during the school year and full- or partday childcare available during the summer. The Monroe school district provides busing for school-age and 4K students.

"Our mission is to connect children with God and one another," said Director Ruby Clark. "With the help and support of our church, the Noah's Ark staff and board have made a commitment to offer loving care and education in a Christian environment to the children of our community."

Early childhood education

An example of this lasting,

positive impact can be seen right at Noah's Ark. Clark points to a former No-

ah's Ark student who is now an elementary teacher in her own classroom.

"She says she knew she wanted to be a teacher ever since she was 3 years old because she had enjoyed her years at Noah's Ark so much."

With the tremendous impact that early childhood educators make, Clark advocates for changes in how her profession is viewed.

"Our teachers need to be looked at as the professionals they are and be compensated with higher wages and health benefits for the incredible work they do," she said.

One way to help support childcare in the community is to extend school outreach programs to childcare centers, Clark suggested.

Supporting childcare and early childcare educators really means ensuring the entire community flourishes.

"Without childcare, businesses and the community would suffer," Clark explained. "We are interwoven and need to support each other to all thrive now and in the future."

Tornado sirens will go off April 7 for awareness week

To mark Wisconsin's Tornado and Severe Weather Awareness week April 4-8, municipalities throughout Green County will be participating in the statewide tornado siren test on Thursday, April 7. Friday, April 8 is scheduled as the backup date in case of severe weather on Thursday.

Tornado sirens will be activated at 1:45 p.m. and 6:45 more emergency preparedness p.m.

personal severe weather plans and to designate a safe place to take shelter at home and at work too, according to emergency planning officials.

Everyone should have an emergency-supply kit with first aid supplies, water and non-perishable food, among other supplies.

A complete list, along with tips can be found at Green

ment's website at www.greencountvem.com.

Tornadoes can be indicated by radar, but sometimes they form so quickly that there isn't time for warnings to be activated.

During severe weather, be sure to remain alert for approaching storms and changes in the weather.

Look for these danger signs: dark, often greenish sky, large

cloud (particularly if rotating) and a loud roar similar to a freight train.

Stay alert for weather information on local radio and television stations.

Everyone should have a NOAA weather radio, which are activated by the National Weather Services that provides immediate weather watches, warning and advisories.

Freemasonry annual spring meeting will include gift to first responders

Leaders of Freemasonry in the Southern Wisconsin area will gather at their annual Spring District Meeting at the Brodhead "Bicknell" Masonic Lodge at 301 1st Center Ave, Brodhead, on Thursday, March 31 from 6:30 to 8 p.m.

This meeting traditionally has an educational agenda, discussing the more in-depth history of Freemasonry in the world. It also recognizes key Masons and their contributions to their lodges and communities.

In addition to the traditional agenda of the meeting, the Freemasons have invited the local Brodhead and New Glarus police departments in which they will be presenting several Fire Suppression Tools (FSTs) to each department. These units are state-of-the-art devices that can quickly slow fires giving first responders extra critical time to arrive, or even extinguish fires all together.

Each unit is valued over \$1,000 and are typically replaced for free by most insurance companies each time used, essentially creating a perpetual gift.

Freemasonry is the world's oldest and largest fraternity with rich historic ties to the founding of the United States. Its mission is to "Make Good Men, Better Men" by guiding them to be better people, dads, husbands, and community leaders. All in the effort to make the world a better place.

Greetings Brodhead Voters,

My name is Tyler McKay and I'm running for the Brodhead School Board Seat, as a write in Candidate, for the Tuesday, April 5 election. Originally from Illinois, my family and I moved to Juda where I spent the best years of my childhood. After I graduated from Juda, I spent two years studying Mechanical Engineering at UW-Platteville. However, due to what was going on in the world at that time I enlisted into the United States Marine Corps. While serving in the Marine Corps I deployed in multiple Combat Deployments in Iraq and Afghanistan with MARSOC (Marine Special Operations Command). Upon completion of my active-duty tour, I completed two more deployments as a civilian contractor - one in Iraq and the other in Afghanistan. In late 2020, my family and I moved to Brodhead to be closer to old friends and my family in hopes to give my family the same great experience that I had growing up within this tight-knit community where they could receive a good education, learn moral work ethics, and learn to become a helpful member in their community. I am married and have two sons that are currently enrolled at Brodhead Elementary School.

I'm running for the Brodhead School Board seat mainly due to the frustration I experienced this last year with the COVID-19 policy the school board implemented. While I attended many of the school board meetings this school year, I witnessed many parents requesting the school board to make the masks optional, while there were no voiced comments to keep the masks. During these meetings, I requested multiple times to make the masks optional, with the outcome falling on withdrawn members of the school board. Consistently, the school board voted 4 to 3 to keep masks, and I was appalled at how the voices of the parents and community fell on deaf ears for many of the school board members. How can we better our children and our community's future if we don't have a school board that follow the requests of the parents? Now the community has the referendum to vote on this April 5, and whatever the outcome, we need a school board that votes for what the parents and the community want. If I am voted on to the Brodhead School Board, I can assure Brodhead that their voices will not be ignored. If you would like to contact me, I can be reached at 858-210-8264 or mckay.tyler@gmail.com.

Quitting can be extremely challenging, but it is possible with willpower, resources, and perhaps most importantly - the support from friends, family and loved ones.

Even those who have tried to quit smoking before, and may have struggled, should try again. It is never too late.

Smoking and tobacco use are harmful to nearly every organ of the body, including the heart.

The CDC estimates that nearly 40 million U.S. adults still smoke cigarettes, and about 4.7 million middle and high school students use at least once tobacco product.

"Many youth use e-cigarettes or vaping devices, thinking that they are safe because they aren't a traditional cigarette," Mills continued. "This couldn't be further from the truth.'

election to be held on April 5 2022; and

WHEREAS, this Revenue Limit Resolution must be approved by the electors for the School District to be authorized to include the additional revenue in the School District budget for the 2022-23, 2023-24, and 2024-25 school years.

NOW, THEREFORE, BE IT RESOLVED by the School Board of the School District of Brodhead as follows:

1. Board Resolution. The Board of Education for the School District of Brodhead supports including \$1,750,000.00 in excess of the revenue limit set forth in Section 121.91, Wis. Stats., on a non-recurring basis, in the final School District budget for each of the 2022-23, 2023-24, and 2024-25 school years, such excess to

A "yes" vote on the referendum question would authorize the School District of Brodhead to include \$1,750,000 of revenue, in excess of the state's revenue limit, in the District's annual budget for each of the 2022-23, 2023-2024, and 2024-2025 school years. The District would be authorized to use such revenue to maintain District facilities and programs.

A "no" vote on the referendum would deny the School District of Brodhead authority to include \$1,750,000 of revenue, in excess of the state's revenue limit, in the District's annual budget to maintain District facilities and programs.

In the event a majority of the electors voting on the referendum question vote "yes", the District will be authorized to exceed the state's revenue limit by \$1,750,000 in the 2022-2023, 2023-2024, and 2024-2025 school years; if a majority vote "no" on the referendum question, the District will not be so authorized.
